The silver wing of the Republi can State Convention unanimous-

ly adopted the following platform: The convention enderses and adopts the platform of the Republicas State Convention, held at Va city on the 30 of April last, as fol-

Resolved, That we condense the Republican party of the Eastern states and the administration of President Harrison, mactar as they have this dio accomplish the complete remone ization of silver, and to e a t laws providing for the free and unrestricted colnars of that metal.

Resolved, That the restor tion of silver to the place it suppled previous to the passage of the Mint Act of 1873, is essential to the rospertly of the country and paramount to all other political considerations. The legislation w ich robbed silver of its money functions and denied to the owner of siver builton the right to have the same coined into money upon the some terms and conditions which a, ply to the c inage of gold reduced the money of oltimate redemption or cayment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the composicial world,

Reserved. That the people of Nevada are in favor of the coinage of silver upon the same con-Homeopathic Physici n. ditiens which apply to the comage of gold, and they are opposed to elevating any person to office who Gffice and Residence on block back is not known to be unequive cally in favor of opening the Mines of the United States to the free and

unlimited coinage of silver. In vie - of th unsati-factory attitude of President Harrison to the paramount issue of the remonetization of silver, t is convention will make no neminations fo Presidential electors and the State Central Committee to be appointed by this convention shall have no authority to put in nomination elec-

The Convention cordially en. dorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth And we fav r th contincation of agitation and contention for the free and un-mited comage of silver at the present ratio of 16 to 1, for their own benefit and for the senetit of the people at large miners, farmers, laborers and me chanics.

The citizens of Nevala, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembl-300 NICE ROOMS, ed, do set firth the following declaration of minciple-

> Fi st. We demand the full remon tization of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1

Second. We are ratically and unalterably opposed to the Nationa Republic n and Democratic parties on the question of the reo coinage of silver and we denounce the action of their recent national conventions as immical to the material interests of the people of the United states, and especially to those of Nevada and all the other mining st t s and tor it ries, and we there are repulliste the n mi-

nees of their convention. Third. We pladge the nominees or this convention for Presidential electors to support no man for President or Vice-President of the United States who is not une purocally in favor of free coinage as defined by this convention. We reseave to the silver leagues of Nevada, it Convention as embled, the right of directing said Presidential electors for whom to cast their votes, should contingencies require. GEO.
